Despite receiving 35 million more votes than Republican Donald Trump , the Electoral College picks Democratic candidate Andrew Yang by a much narrower 271 - 268 margin .

MOLDOVA 03:20 Refusing to accept result, Trump barricades himself inside Oval Office, calls for NRA militias to 'take America back.'

" Like Conservatives everywhere, my support for Israel is a mile wide and an inch deep. I can't wait for the day when we drop our masks and show the world who we really are - the loyal scions of escaped nazi war criminals who infiltrated and usurped the Conservative movement . Then we can end our phony support for the Jew state and get back to basics - only this time, we will let China build a superhighway to their front door so they can march a 200,000,000 man army onto the plains of Megiddo and begin the Battle to End All Battles. Then Jesus will return . And He will reward white people with dominion over all the earth . It says so right there in the Bible ."
